

Assignment - 1

1. Illustrate the Ethical dilemma with Examples.

Ans:- Ethical dilemmas occur when there are two or more competing values or principles that make it difficult to determine the right course of action. Below are a few examples of ethical dilemmas with detailed explanations:-

(i) Autonomous Vehicles and decision-Making

→ Scenario :- A Self-driving car must make a decision in an unavoidable accident. It can swerve to hit one pedestrian or continue on its current path and hit multiple pedestrians.

→ Dilemma :- How should the car be programmed? Should it value more lives or should it avoid making a choice, potentially harming more people?

→ Ethical Conflict :- This dilemma explores how technology should prioritize lives and the responsibilities of developers in designing ethical decision-making systems for AI.

(ii) Loyalty Vs. honesty :-

→ Scenario :- your best friend confides in you that they cheated on an important exam. They beg you not to tell anyone. but the cheating may result in unfair advantages for them over others.

→ Dilemma :- Do you maintain your loyalty to your friend by keeping their secret, or do you report the cheating to uphold academic integrity and fairness?

→ Ethical Conflict :- this involves a conflict between loyalty to a friend and the principle of honesty and justice.

(iii) Medical Treatment Vs. Religious Beliefs.

→ Scenario :- A child is severely ill, and doctors recommend a life-saving blood transfusion. However, the child's parents refuse the treatment due to their religious beliefs.

→ Dilemma :- Do doctors respect the parents' wishes based on religious freedom, or do they perform the transfusion to save the child's life, violating the parents' beliefs?

→ Ethical conflict :- this presents a conflict between Respecting religious beliefs and protecting the child's right to life and health

(iv) Trolley Problem :-

→ Scenario :- A Runaway trolley is heading towards five people tied to a track. you have the ability to pull a lever and divert the trolley to another track where one person is tied.

→ Dilemma :- Do you pull the lever and intentionally cause the death of one person to save five, or do you do nothing and allow the trolley to kill five people ?

→ Ethical conflict :- this dilemma pits Utilitarian Ethical against deontological Ethical

(v) Employee vs Whistle blowing :-

→ Scenario :- you work at a company, protecting that is Engaging in illegal Environmental practices, such as dumping toxic. Whistle Reporting this could stop to harmful activity but would lead to the company losing jobs, includes potentially your own

→ Dilemma:- Do you Expose the Company, protecting the Environment and public Safety, but risk Unemployment for yourself and others? Or do you Stay Silent to protect your Job and the Company?

→ Ethical Conflict:- This dilemma involves a conflict between personal loyalty and Responsibility to the greater good.

2. Write a note on the influence of Cultural Ethos on business by taking Indian Culture.

Ans:- The influence of Cultural Ethos on business is significant. Shaping the way Organization operate, communicate, and build relationships. In the context of Indian Culture, this influence is particularly strong due to the country's deep-rooted Traditions, diverse Social fabric, and philosophical foundations.

→ Spiritual and Ethical Considerations:- Indian businessers are often influenced by spiritual and ethical principles drawn from religions like Hinduism, Buddhism, Jainism, and Sikhism. Concepts such as dharma (duty), Karma (cause & effect), and ahimsa (non-violence) shape business ethics, emphasizing fairness, social

Responsibility, and long-term Sustainability many businesses, particularly older family Owned Ones, prioritize Ethical dealing and Corporate Social Responsibility as part of their Cultural legacy.

→ Adaptability to Globalization:-

While rooted in tradition, Indian businesses have shown a strong capacity to adapt to global practices, blending Western management techniques with Indian Cultural Values. The ability to balance traditional respect for hierarchy with modern innovation and efficiency is seen in many Indian multinational corporations. This fusion of Eastern Ethos with Western Efficiency allows Indian businesses to thrive both domestically and globally.

→ Value of Jugaad:-

A Unique aspect of Indian business culture is the concept of Jugaad, which refers to a flexible, frugal, and innovation approach of problem-solving. This mindset encourages finding creative, resource-efficient solutions, often in response to limited resources or complex challenges. It promotes adaptability, a key trait in the dynamic and competitive Indian business environment.

→ Respect for Hierarchy:-

Indian Culture traditionally emphasize respect for authority and seniority, deeply influenced by the caste system and family structures, in business this translates into a hierarchical decision-making process, where decisions are often made by top management, and subordinates show deference to authority. This can sometimes slow down decision-making but ensures that respect and protocol are maintained.

→ Collectivism and family Orientations:-

Indian Society is collectivist, placing significant emphasis on family and community. This ethos influences business practices, with many companies operating as family-owned businesses. Trust and loyalty are central to business relationships, and personal rapport often takes precedence over formal contracts. Networking and relationship-building are critical, and business interactions may often extend to social settings, reflecting the blurred lines between professional and personal spaces.
